Sub : Permission for Engineering Activity

Dear Sir,

With reference to PNG registration made by our society members, we are pleased to confirm that we will permit MGL to carry necessary Engineering Construction activities as per your drawing in our society premises. We are also enclosing the electrical cable as-laid drawings and other underneath utility drawings, which are available with us. In order to meet your technical requirements we will allow crossing of pipeline in and out of our boundary wall etc. to lay the network as required by MGL.

Thanking you,
